[Qualitative information on the progress of consolidated performance]

The business conditions surrounding us during the first quarter remained harsh, with no significant upturn amid the seesawing economic indicators and slow growth in new construction starts in the housing market.

Against this backdrop, our constantly proactive marketing efforts resulted in net sales of 284,757 million yen, up 7.1% compared to the corresponding period of the previous year, and recurring income of 163 million yen. Net income for the quarter was 143 million yen.

New orders totaled 343,056 million yen, contributed to by a healthy flow of new contracts for detached houses.

FY2004	50,992	(32,507)	(61,141)	179,712

[Qualitative information on the changes in the consolidated financial position]

Inventories increased significantly due to the proactive purchase of land for sale in response to growing demand from first-time buyers. In contrast, a decrease in cash and deposits, notes receivables and trade accounts receivable on completed work brought down current assets by 3.8% from the end of the previous period. Among fixed assets, investment securities decreased by 51,749 million yen due to the sale of national government bonds that were being held for the utilization of excess funds.

Minority interests decreased 25,964 million yen due to the change in the status of the Sekiwa Real Estate Group companies to wholly-owned subsidiaries. Shareholders' equity also decreased to 635,584 million yen, primarily due to the repurchase of 42,800,000 shares of the company's stock.

Sekisui House to Establish Joint Venture with Message

June 2, 2005—Sekisui House, Ltd. (“Sekisui House”) and Message Co., Ltd. (“Message”) today announced that they have reached a basic agreement on the establishment of a joint venture to provide nursing care services for seniors with a view to enhancing the lifestyle options of this segment of society.

1. Purpose of the Joint Venture

With the decline in the birthrate and the aging of the population in Japan, the nation is being called to enhance services for seniors. To address this issue, the government established the public nursing care insurance program in April 2000. This program enables seniors to receive nursing care services at home so that they can continue to enjoy their current lifestyles.

In response to these circumstances, Sekisui House and Message have decided to establish a joint venture that integrates the special know-how of the two companies in housing and nursing home management, respectively. Drawing on its many years of experience, Sekisui House will provide comprehensive housing solutions and the finest technology, in the areas of both facilities and amenities, to deliver comfortable living environments. Message will contribute its expertise in the management of rental nursing homes where seniors lead independent lives and are permitted to move in and out of the nursing home as they please. The two companies are thus joining forces to provide high-quality services with the aim of supporting seniors in achieving their dream of continuing to live in their home communities.

2. Overview of the Joint Venture

- (1) Company name: Sekiwa Support System, Ltd.
- (2) Location: Tokyo
- (3) Capitalization: 100 million yen (Sekisui House: 51%; Message: 49%)

- (5) Date of establishment: July 1, 2005 (tentative)
